

TU Bestows National Award to OBTU

"Silver Trout" award to be presented to OBTU
Annual Meeting: Spokane, Washington
September 27 – October 1, 2023

OBTU is pleased to announce that TU National is awarding the prestigious "Silver Trout" award to our chapter.

Out of 386 TU chapters, only 2 chapters are recognized with an annual award (The "Gold Trout" or "Silver Trout"). We are blessed to have a great chapter!

The criteria for this award include:

1. Conservation Impact
2. Communications
3. Member & Community Engagement
4. Fundraising
5. Volunteer Leadership Development

While the award recognizes chapter performance over the past year, OBTU's ability to win this recognition is clearly a culmination of 50 years of contributions by many who have built our outstanding TU chapter. We have benefited from extraordinary volunteer efforts from many of our past and present members. We have enjoyed strong teamwork & fellowship. We have a strong culture of collaboration and outreach. Imagine what OBTU could do if we actually had trout streams within our own area?

Let's Celebrate!

Reminder: OBTU 50th Celebration on Aug 12.
Details will follow soon.
